Page 14 of 14

GPA = GRADE POINT AVERAGE

Points per class:

A – 4

B – 3

C – 2

F – 0

Why does it matter?

Your GPA reflects the grades you've made in high school. Colleges look at it to see how you did in your classes.

Should the number be high or low?

The closer your GPA is to the number 4 (unweighted), the better. The lower your number is to 0, the worse it is.

3.8 = a great GPA

3.2 = a good GPA

2.1 = a bad GPA

Letter Grade	Number Grade	GPA	Parent Reaction
A	100-90	4.0	
B	89-90	3.0	
C	79-70	2.0	
F	69-0	0
